

# TOP TIPS

for parking your  
bike safely

## AT HOME

## >> Outside

- ❌ Store somewhere away from 'prying eyes'
- ❌ Lock frame and wheel to something solid, immobile and secure. You must secure both
- ❌ Lock using the provided gold-standard cycle lock
- ❌ Remove any accessories
- ❌ Use a bike cover to protect your bike from the weather
- ❌ If possible bikes should be stored in a shed or garage

## Indoors

- ❌ Wall Hooks
- ❌ Floor Stands
- ❌ Multi-bike floor rack
- ❌ Ceiling mounted bike rack

## AWAY FROM HOME

- ✓ Choose a busy location
- ✓ Lock frame and wheel to something solid, immobile and secure. You must secure both
- ✓ Avoid trees, aluminium or wooden posts, sign posts, scaffolding and chain link fences
- ✓ Lock using the provided gold-standard cycle lock
- ✓ Remove accessories
