What we would like you to do...

- **Be a regular member of the group to help us make our projects and activities happen**
- **Share your ideas with us – your input counts!**

What we will help you achieve...

- **Increase your knowledge about how to help protect our environment and sustainable everyday living plus how to grow your own**
- **Find out how to connect with nature by learning what fun activities you can do outdoors**
- **Socialise with other kids your age, who enjoy nature as much as you do**
- **Gain a 'voice' in promoting action against climate change and become an eco ambassador for your school**
- **Get involved in projects to create greener places**
