

# '1 a Day' Challenge: Speed Bounce

For the '1 a Day' Challenges consider how you can use the STEP tool to play inclusively. This is a simple way to adapt and make changes to activities, meaning they are more accessible. It stands for **Space, Task, Equipment, People**. You can change any of the elements to make the challenges accessible and inclusive.

***How many times  
can you bounce  
over an object  
in 60 seconds?***

Both feet must land over the object for the jump to count.

Change the height of the object.

Think about stepping or moving in a different way over the object.

Replace the object with a line on the floor that you could roll or move over in a different way.

Ask a partner to support you by holding your hand.
