SAFER, GREENER, HEALTHIER CYCLING

As part of Essex County Council's Safer, Greener, Healthier ambition, they are working on various projects to encourage everyone in Essex to get on their bikes – whether they're cycling to school or work, for pleasure, or to stay fit.

One initiative they are offering Essex residents, is a number of cycle training opportunities for both children and adults to take part in, as well as cycling courses during the school holidays.

Men's Health Week focuses on men's physical and mental health. Men sometimes aren't comfortable reaching out and opening up about life's challenges.

Men's health and wellbeing can be supported in various ways, from an increase in daily movement such as walking or trying a new activity, meeting up with mates and having a conversation. Why not take some time to go on a walk with a male colleague.

GREEN & BLUE!

Essex as a county is blessed with plenty of green and blue spaces! With the warmer months rolling in, it's now a great time to Find Your Active, and encourage your staff to do the same.

Take a look at the activity finder to find opportunities to get moving, local to you or your workplace, and either join in after work, or during your lunch break with a colleague.

Plus, if your workplace is lucky enough to have a green or blue space not too far away, utilise it for walking meetings, lunchtime catch ups or a friendly (and sometimes competitive) game in the park after work!
