**HEALTH AND WELLBEING**

- Strength and Balance Officer £246,452
- Falls Prevention provision
- Hardwiring physical activity into PCNs £97,085

Outcome: Integrate physical activity as a preventative measure to improve population health

### LEARNINGS FROM THE DEVELOPMENT PHASE:

- Harlow's physical activity system is immature, with 3 indicators 'developing well' and 2 indicators 'emerging'.
- Leadership is gaining positive momentum and engaging more system partners and residents.
- Social Network Analysis identified 4 priority systems incorporating 108 different organisations.
- The development phase identified 26 enablers and 19 barriers to shape the 3 year full award phase.

**SHARED VISION:** To provide inclusive opportunities that inspire and empower residents to thrive and live active healthy lives, in a safe and supportive environment.
