Men's Shed

Men's Sheds are similar to garden sheds – a place to pursue practical interests at leisure, to practice skills and enjoy making and mending.

Many Sheds get involved in community projects – restoring village features, helping maintain parks and green spaces, and building things for schools, libraries and individuals in need.

Activities in Sheds vary greatly, but you can usually find woodworking, metalworking, repairing and restoring, electronics, model buildings or even car building in a typical Shed.

We're here to give more people the opportunity to be creative, and for you to decide what creative activities you want to see, experience or take part in.

Strollercise

Strollercise is a Dance / Fitness programme which takes its name from the girls 'strolling' in R&R clubs in the '50's, and, as we do 6,000-7,000 steps in our 1 hour class, it became a form of exercise, hence 'Strollercise' (6,000 steps is equal to walking 3 miles.)
